

A WORKING SMOKE DETECTOR SAVES LIVES!

BEEP BEEP
BEEP

THE STATE OF NEW YORK RANKS *SECOND* IN THE NATION FOR HAVING THE DEADLIEST HOUSE FIRES PER CAPITA IN 2018. ACCORDING TO [A SECURE LIFE](#), AS OF THE END OF AUGUST 97 PEOPLE HAVE DIED IN FIRES IN NEW YORK STATE THIS YEAR.

This report lists the most common causes of deadly fires are smoking, cooking, and heating. The City of Beacon Fire Department has responded to incidents that do not have smoke detectors or have non-working smoke detectors in the homes. The City of Beacon Fire Department has fire prevention programs to teach children at a young age how to prevent fires and what to do if they are in a fire. Over 1,100 local students and day care children are enrolled in our City programs each year.

The City of Beacon Fire Department installs pre-purchased detectors from the Red Cross. The smoke detectors are available for home owners in the City of Beacon.

Contact Chief Van Voorhis at gvanvoorhis@beaconfd.org or 845-765-0899 to check or to determine if you qualify for free smoke detectors and installations. ▶ ▶ ▶
