March 17, 2017

Dear Neighbors,

I would like to thank everyone for their patience and cooperation during this recent snow storm.

Our Highway Department has been working steadily widening the streets but some remain narrow and visibility may be an issue. Please continue your patience and courtesy while crews work on snow removal.

I also want to remind everyone to please use extra caution while making your way around by vehicle, by foot or even on bicycles. The sun during the day and the freezing temps at night make for very icy conditions so please be careful.

Updates will be posted on the city's website www.cityofbeacon.org

Have a safe and Happy St. Patrick's Day.
